

SPOOK O BULLETIN

TOMB IT MAY CONCERN, YOU ARE INVITED TO

A FUN NIGHT ORIENTEERING EVENT FOR ALL THE FAMILY

SROC SPOOK O

SATURDAY 29TH OCTOBER 2011

EAVES WOOD, SILVERDALE

**IT IS (ALMOST) HALLOWEEN. SO LOOK OUT FOR
GHOSTS, GHOULS & VAMPIRES**

EVENT DETAILS

Park at **Silver Sapling Guide Camp** (next to the National Trust car park) - Grid Ref SD 470759, entrance will be signed.

Assemble and register from 17:15 ready for a mass start at 18:15

Expect a simple 60 minute score event (ie visit the controls in any order) but with a traditional Halloween twist

Full instructions and help on the night. No prior experience of night orienteering needed, just a sense of fun and adventure!

Bring torches/headlights, walking or running-shoes, warm/waterproof clothes

Bring a whistle, a compass and **a watch** (and perhaps *a mobile phone, just in case*).

Eaves Wood is on limestone, so it is usually dry. But in wet weather it can be muddy, and the limestone can be very slippery.

Go solo, as a pair or in a group

Seasonal fancy dress optional but encouraged!

Campfire, soup and marshmallows if weather permits.

Weather – if **really** bad weather is forecast (eg torrential rain, gales, snow) please check the SROC website or phone the organisers 01524 702617 on the morning of the event.

Fees are £3 for an adult or family group (which includes 1 competition map) plus 50p for additional support maps (which make it more fun for you all. We suggest at least 1 of each map for a family of 4). Experienced juniors going singly - £1.

If you are likely to come please let us know by email to reserve your map – do it now – and by 21:00 Wed 26th Oct at the latest. Please state:

your name(s), and in how many groups you will take part

how many maps you would like

This will not commit you to coming, but will be very helpful so that we know how many maps to print, and will guarantee your map(s). so your journey will not be “in vein”.

There will be a few spare maps available.

Alex Finch (with acknowledgments to the ghost writer)
